

elets National EMERGING TECHNOLOGY SUMMIT

2nd March 2023
Taj Bengal, Kolkata

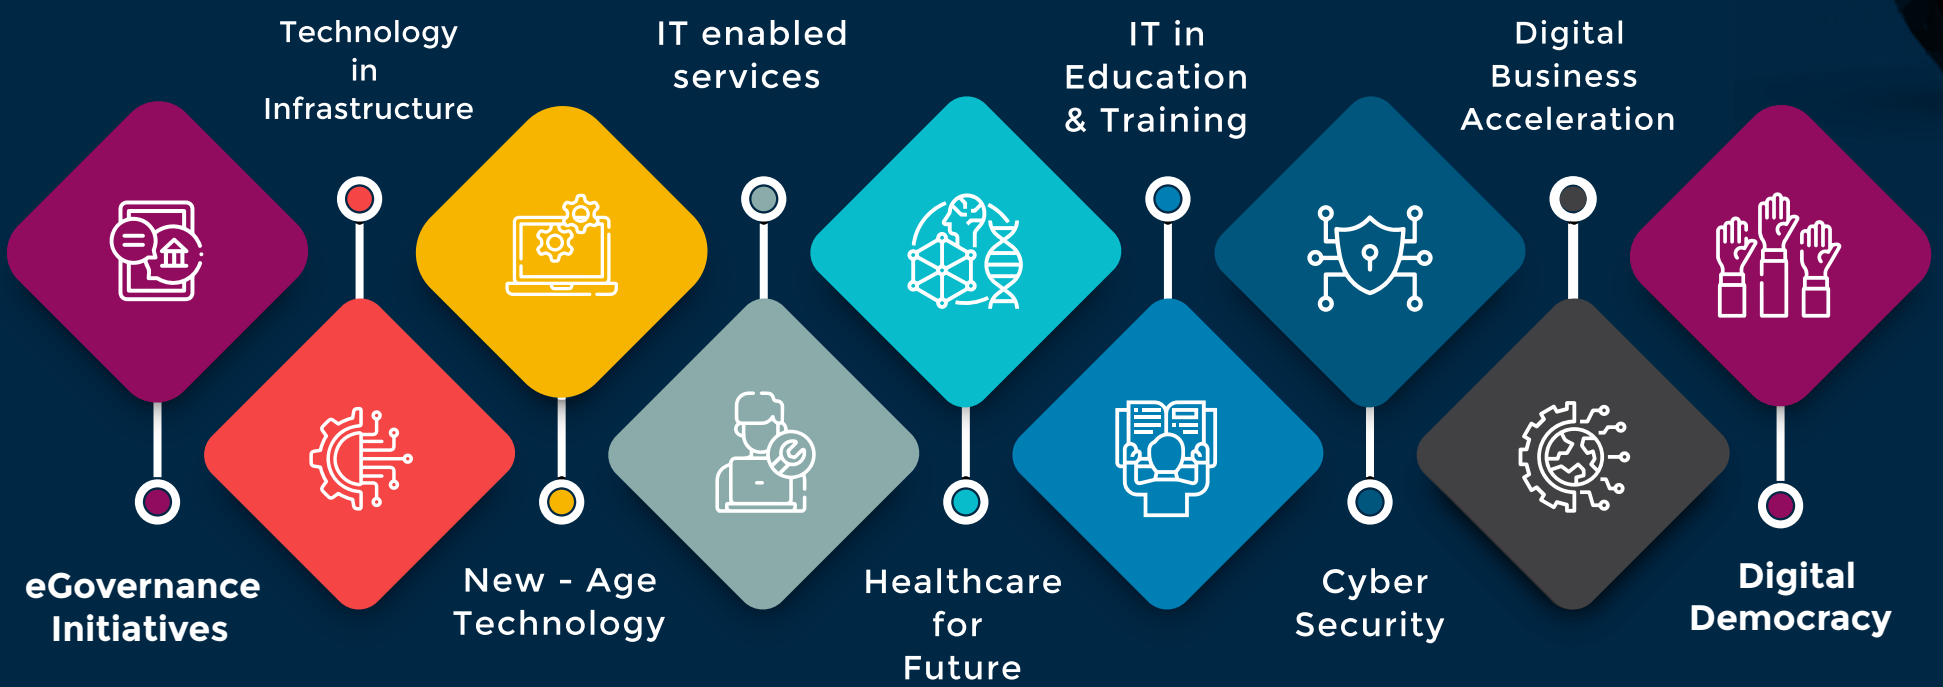

Leveraging IT in enhancement of productivity in sectors

India has escalated the adoption of cutting-edge emerging technologies like 5G, AI, blockchain, augmented reality & virtual reality, machine learning & deep learning, robots, natural language processing, etc. The emergence of Information and Communications Technologies (ICTs) has drastically transformed the way citizens interact with private businesses, public service utilities, and government institutions. From reducing costs, increasing revenue, and re-structuring administrative processes, it is also facilitating the electronic delivery of Government services through effective e-Governance measures in IT, Healthcare, Education, Urban Development, Finance, Agriculture, etc. positively impacting the lives of citizens and development of the country at large.

To set the policy agenda for a robust IT ecosystem crucial to enhance the competitiveness and productivity of the key economic sectors, the Department of IT & Electronics, Government of West Bengal in association with Elets Technomedia is organising **'Elets National Emerging Technology Summit' on 2nd March 2023 at Taj Bengal in Kolkata.**

West Bengal Electronics Industry Development Corporation Limited (WEBEL) and Cyber Security Centre of Excellence, West Bengal have joined the summit as Supporting Partners. Amalgamate with prominent thought leaders, key decision-makers, and policy enablers at the power-packed summit for the exchange of ideas and best practices!
